

# 10W LED MODULE 600LM DIM2WARM

# CIVILIGHT

2300K-2700K  
Dim to Warm

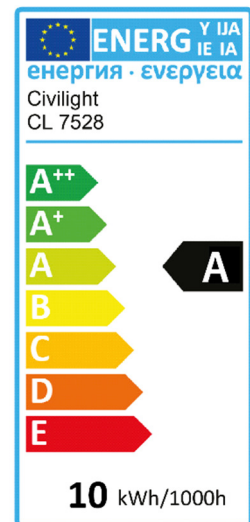

## Features

- Integrated design, driver inside,
- Easy to install, reliable metal design
- Perfect match to classic and modern downlight and fitting
- CE and RoHS2 compliant

## Applications

- Home, villa and other residential buildings
- Hotels, restaurants, bars, cafes

| Part No.                | Module 10W WCVM 002W10 - 7528 |
|-------------------------|-------------------------------|
| Article number          | CL 7528                       |
| Halogen equivalent (W)  | 75                            |
| Wattage (W)             | 10                            |
| Dimmable                | Yes                           |
| Lumens (lm)             | 600                           |
| CRI(Ra)                 | 95                            |
| CCT (K)                 | 2700-2300                     |
| Beam Angle (deg)        | 36                            |
| Luminous Intensity(cd)  | 1500                          |
| Energy efficiency class | A                             |
| PF                      | 0.9                           |
| Voltage (V)             | AC176-264V                    |
| Frequency(Hz)           | 50/60                         |
| Current (mA)            | 46                            |
| Socket                  | -                             |
| Switching Cycles        | 100000                        |
| Lifespan(hrs)           | 25000                         |
| Working Temperature(℃)  | -20 ~ 40                      |
| Storage Temperature (℃) | -20 ~ 60                      |
| Weight(g)               | 104                           |
| EAN code                | 6901029075281                 |
